

At Humility of Mary Health Partners, better patient care starts with better physician communication. That's why we introduced CarePATH, our new electronic health records system. With CarePATH, all our doctors have instant access to your patient information, which improves accuracy, safety, and your overall level of care. And better care means better outcomes for you.

# Diagnosis

Broken leg, with diabetes complication.

# Treatment

Multiple visits to specialists, all of whom have instant access to her electronic health record.

# Outcome

Better information, better care, better days ahead.

St. Elizabeth - St. Joseph - St. Elizabeth Boardman

Incredible care. Incredibly close.
